

Pathways, partnerships and productivity

Vocational, technical and professional education has been the beating heart of modern universities from the very start.

employers, often in their local regions, they have created high-quality, work-focused courses that ensure graduates are fully equipped with the skills and knowledge they need to be job-ready on day one. These modern universities are driving forward the degree apprenticeship agenda that will create new opportunities for young people.

Working in partnership with

Pathways, partnerships and productivity
